WELCOME BACK TO SCHOOL

We welcome you once again to the Easter Term 2022/2023 academic session. We are delighted to receive our students back from the holiday and are pleased to inform you that we have settled in to fruitful academic and co-curricular activities. We had the academic assembly in the afternoon of Friday, January 13, 2023, to reward and further encourage academic excellence.

Students who scored a minimum average of 90% at the Christmas term were issued academic excellence certificates, while those who scored 85%-89% were given merit certificates.

Our theme remains **"no child is left behind,"** and we solicit your cooperation as usual and more specifically to guide and support your child to ensure that he or she:

- Attends school on time and prepares for the day's learning experience.
- Completes all assignments given by teachers.
- Actively participates in extracurricular activities, which help them to be well-rounded and grounded.

- Shares school experiences with you so you are aware of school life.
- Notifies you if he or she requires additional assistance in any area or subject.
- Becomes self-aware and knows your expectations of success.

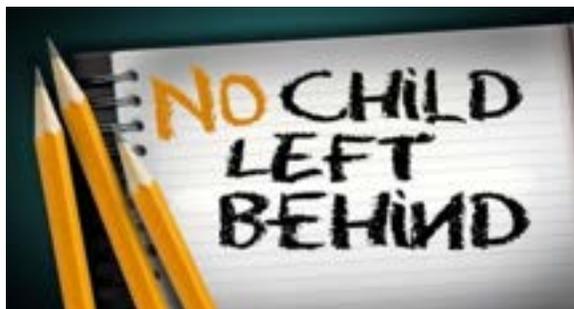

21ST ANNUAL INTER-HOUSE SPORTS COMPETITION:

This year's inter-house sports competition is taking place on January 27, 2023, which is just around the corner.

GREEN CLUB INITIATIVE

We are so proud of our recently launched Green Club, which is an entirely student-led initiative. One of the objectives of the club is to discourage littering in school and, by extension, at home. They donated some plastic litter bins to the school and have mounted a campaign on litter bin usage to that effect.
